SCOPE OF CURRENT NUMBERING SYSTEM

All boats defined as watercraft by the Ohio Revised Code 1547.01 are to be numbered. Documented vessels are excluded from numbering.

TOTALS:

Commercial Passenger:	139
Commercial Fishing:	51
Commercial Other:	309

TOTAL BOAT REGISTRATIONS: There are a total of 403,985 numbered recreational vessels and 491 numbered commercial vessels for a total of 404,476 numbered vessels. Each registration is valid for three boating seasons. Approximately one-third of of the registrations expire March 1 of each year. In addition, there are 45,417 alternative registrations, 2,447 documented vessels, and 7,937 livery vessels registered for a total of 460,277 registered vessels.

Note: The definition of personal watercraft as detailed in the NASBLA Model Act for Personal Watercraft (approved 9-21-05) was used to determine the cut-off length (16 feet) for a personal watercraft versus a jet boat (motorboat).

I Certify that to the best of my knowledge and belief, the data above are correct.
