SCOPE OF CURRENT NUMBERING SYSTEM

All boats defined as watercraft by the Ohio Revised Code 1547.01 are to be numbered. Documented vessels are excluded from numbering.

***TOTALS:**

Commercial Passenger:	133
Commercial Fishing:	14
Commercial Other:	234

TOTAL BOAT REGISTRATIONS: There are a total of 398,690 numbered recreational vessels and 381 numbered commercial vessels for a total of 399,071 numbered vessels. Each registration is valid for three boating seasons. Approximately one-third of of the registrations expire March 1 of each year. In addition, there are 17,867 alternative registrations, 2,426 documented vessels, and 5,894 livery vessels registered for a total of 425,258 registered vessels.

Note: The definition of personal watercraft as detailed in the NASBLA Model Act for Personal Watercraft (approved 9-21-05) was used to determine the cut-off length (16 feet) for a personal watercraft versus a jet boat (motorboat).

I Certify that to the best of my knowledge and belief, the data above are correct.
