

Help Sara Learn to Boat Safely!

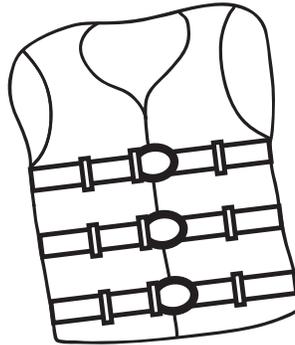

Circle the life jacket Sara should be wearing.

Your life jacket should fit snug - not too loose or too tight.
If it doesn't fit well, it can't protect you
when you are in the water.

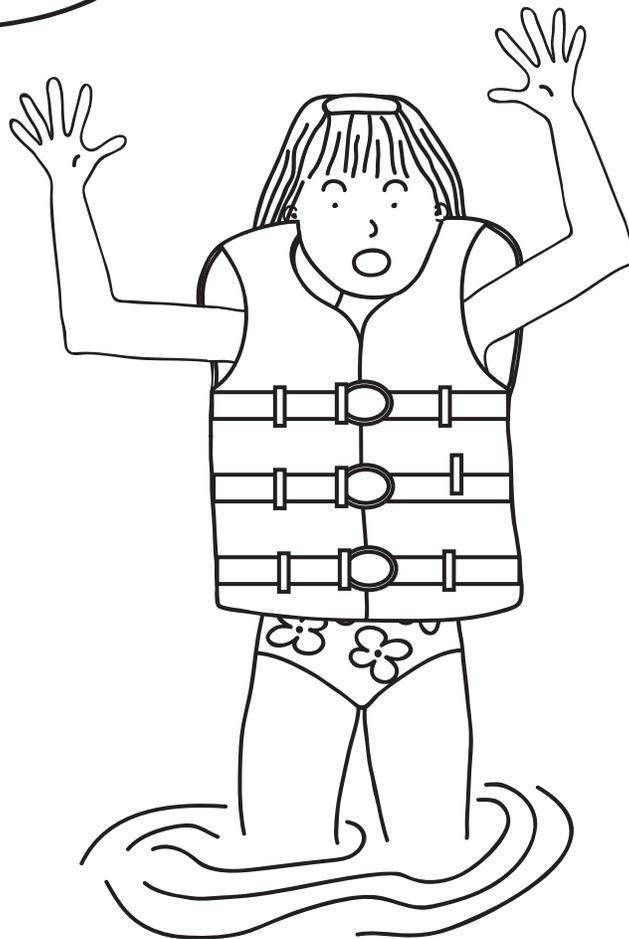

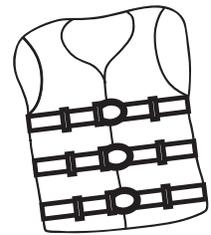

1.

2.

3.

Help Sara find the safety gear.

Circle the 6 items that are very important to have on your boat!

Hints!

What would you need if it gets dark and you are still out on the water?

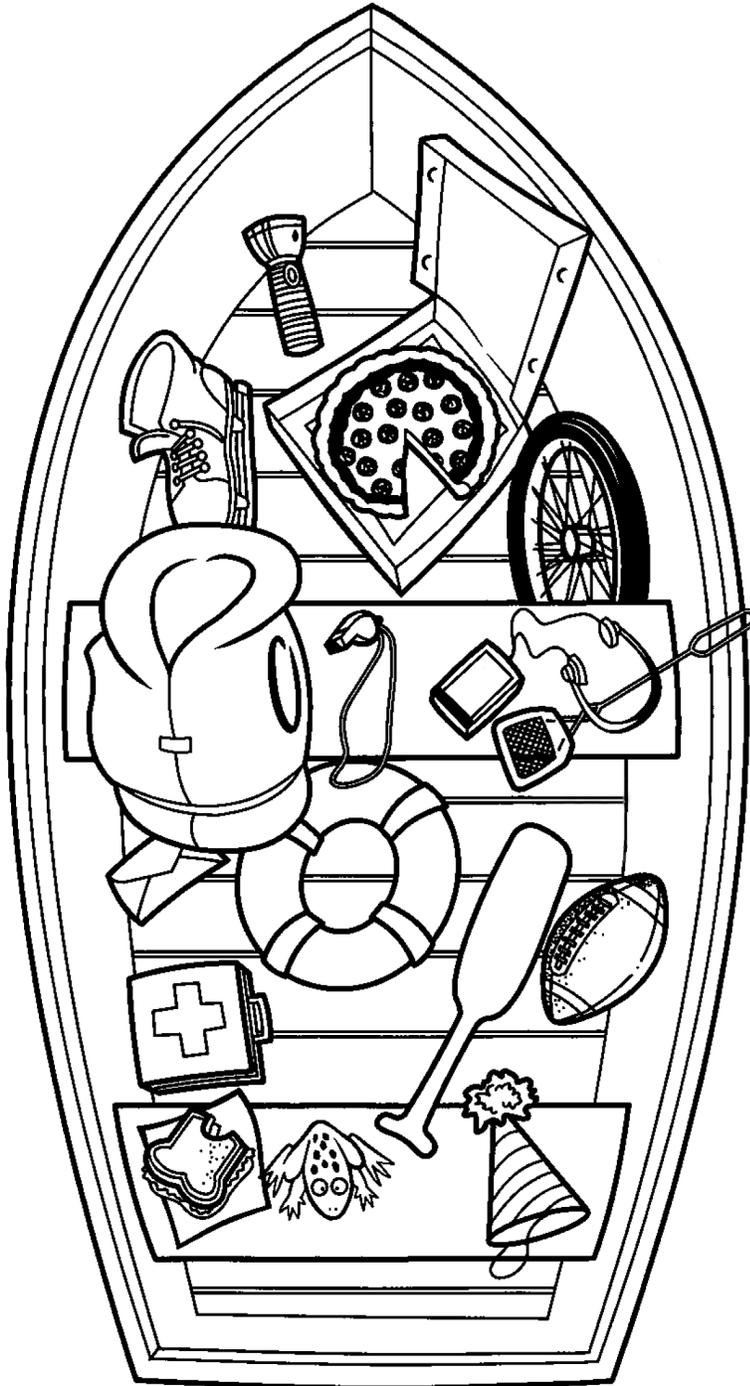

What could you use to get the attention of someone on another boat when they're not looking?

What should you wear at all times when you're on the water?

What would you need if someone falls off the boat?

What do you need to move the boat in the water?

What should you have if someone gets hurt while out on a boat?

Find the Safety Gear!

Can you find these important safety items?

ANCHOR

LIFE JACKET

COMPASS

PADDLE

FLAG

RADIO

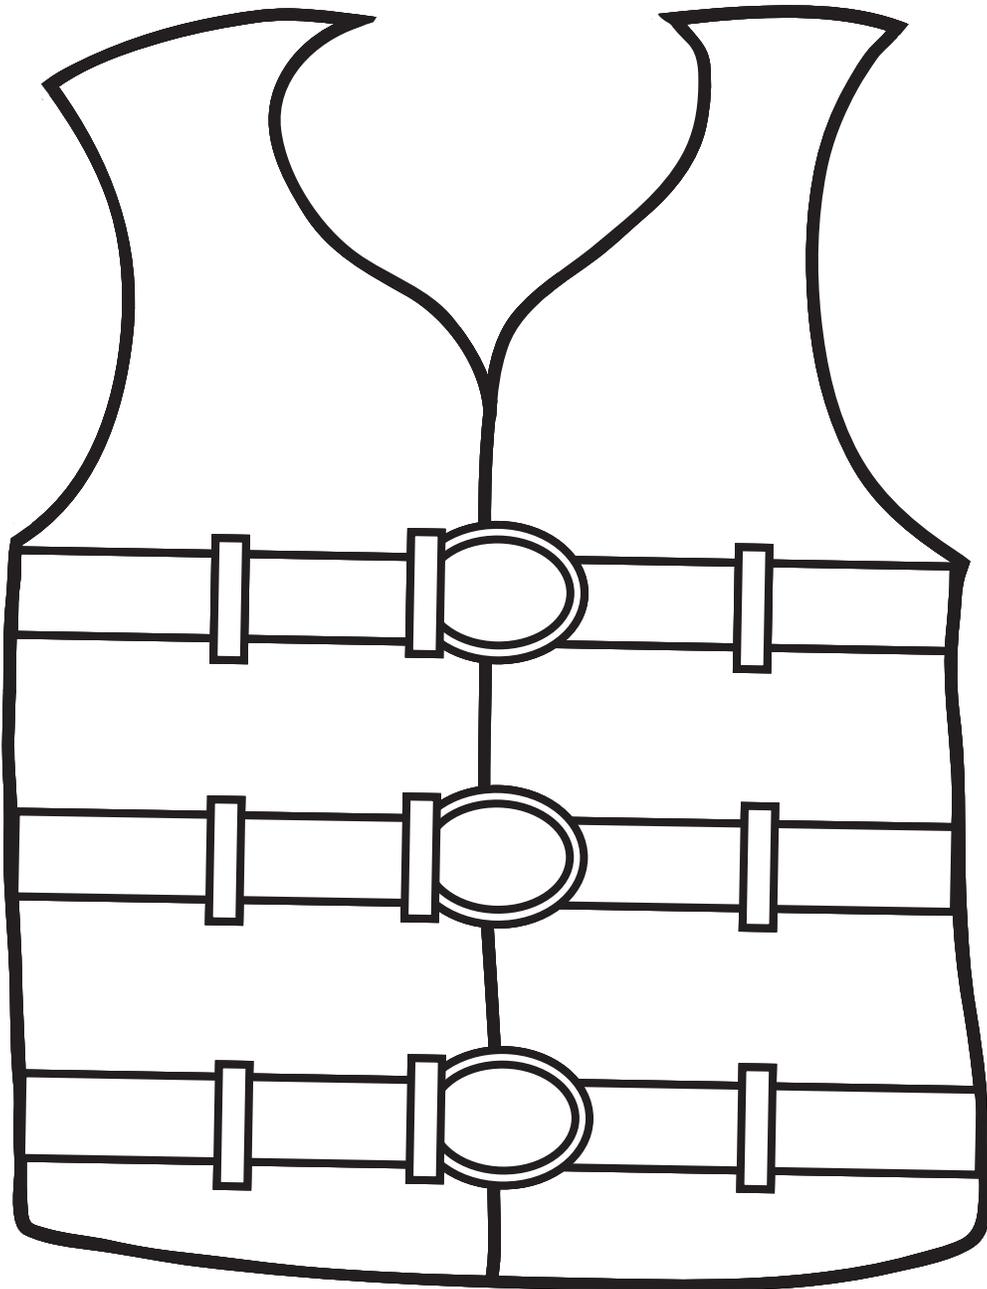

FLASHLIGHT

ROPE

HORN

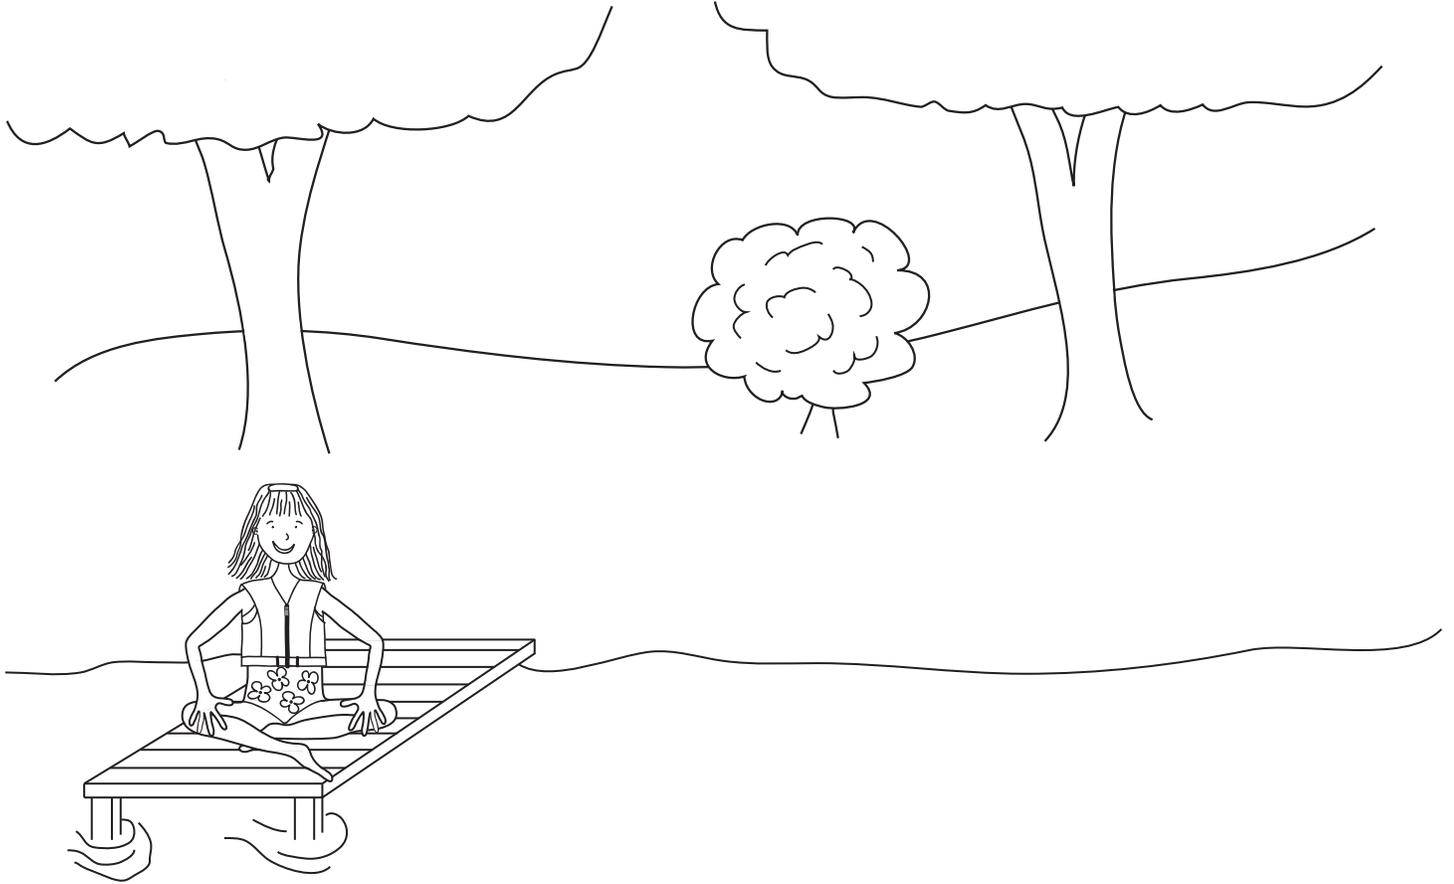

WHISTLE

Color a life jacket for yourself.

It needs to be bright so it can be seen.

Draw your favorite boat here!

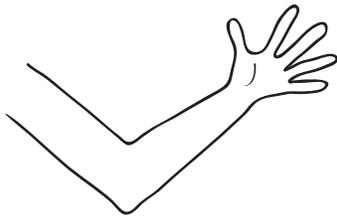

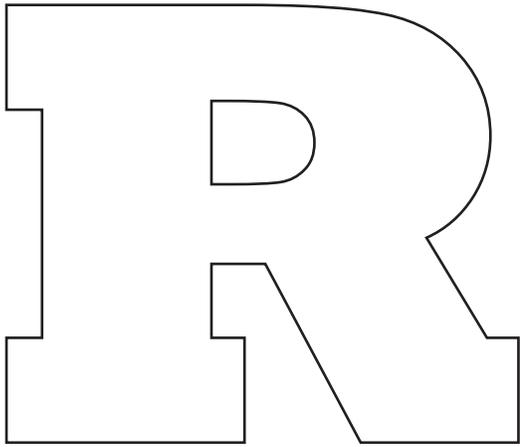

What safe thing is Sara doing near the water?

ODNR Division of Watercraft

Draw the safety equipment Sara needs on the boat.

What things could you use to help someone who has fallen in the water?

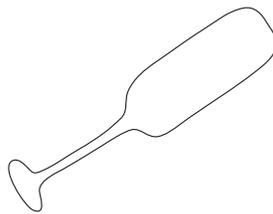

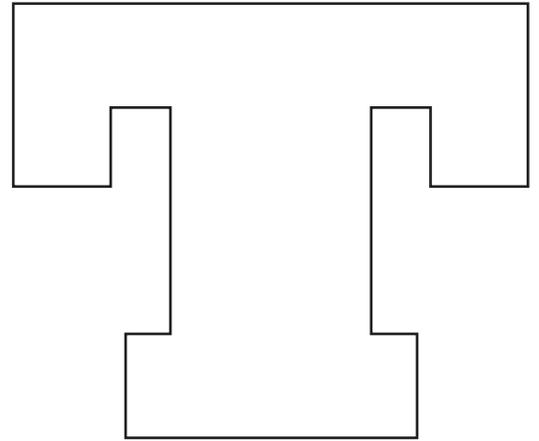

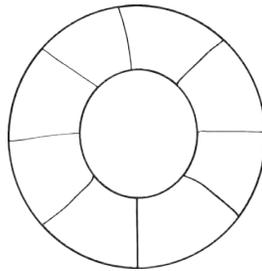

REACH

Hold on to the dock, or your boat and reach your hand, a paddle, or whatever is near by to the person in the water.

THROW

If you can't reach far enough, toss something that floats for the person to grab.

ROW

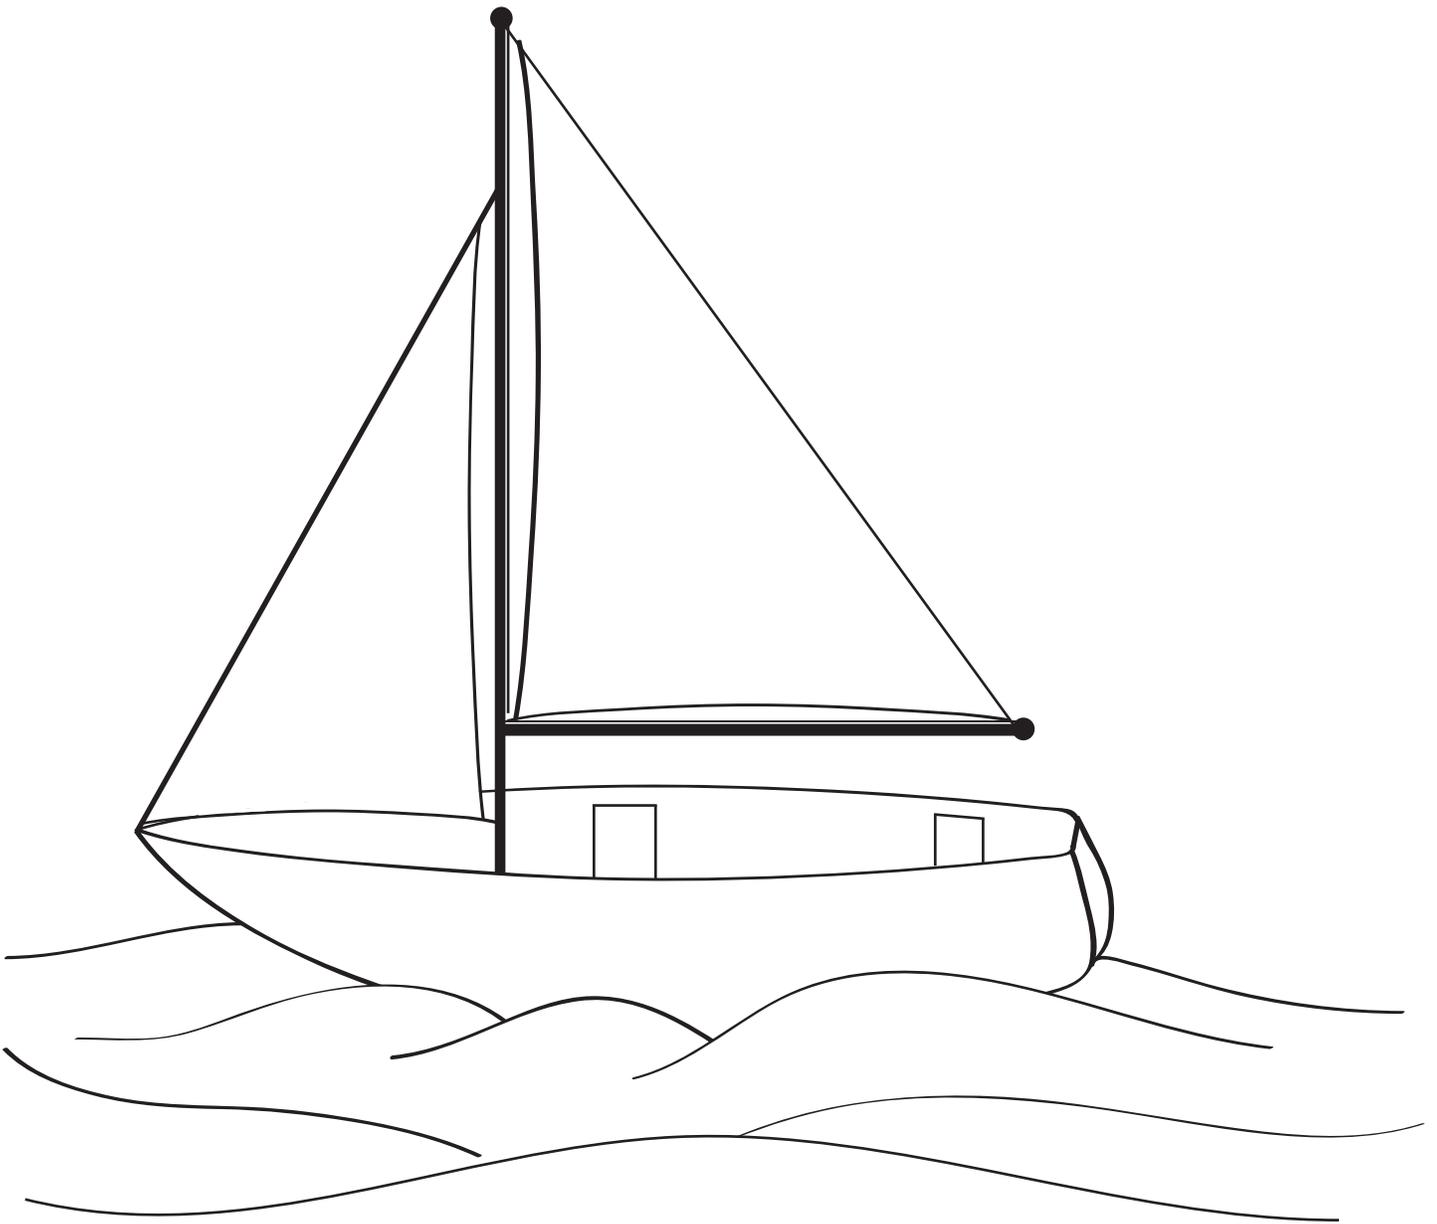

If you are in the boat, use the paddles to move closer to the person in the water.

GO

Call for help.
Don't go into the water.

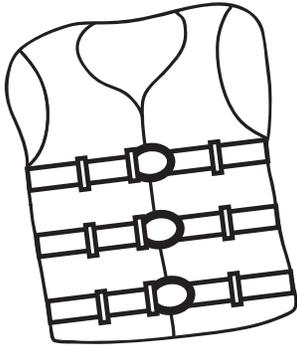

Draw yourself on the sailboat.
Don't forget your life jacket!
